MAR 14 2019

Ms. Fernandez, I am writing this letter as a concerned resident of Allentown, PA.

B Braun Medical Inc, 901 Marcon Blvd., Allentown, PA 18109 is a medical devices company in the area. My neighbor who works there mentioned that they use ethylene oxide a lethal gas for manufacturing of the products. My neighbor also mentioned that lately they are having lot of problems. This is resulting in higher emission making environment unsafe for the community. Management is not taking it seriously and this is not allowed to be discussed at work.

I have no resources or time to take this up with local government. My neighbor is also worried about retaliation. So I am writing this anonymous letter to you with a request to look into this. Thank you.

Sincerely,

Allentown Resident
